## **VIDEO/PHOTO SLIDESHOW: Crunch competition participants raise money for St. Jude's**

Riverside, IL -

Cheering one another on and sharing conversation to pass the time, four women and one man raised money for St. Jude's Childrens Hospital on Saturday at Riverside's Ladies Workout Express.

The participants did not stop even to catch a small breath as they held up their end of the nation-wide fundraiser. Supportive friends and family held "clickers" to count the crunches, and when all was said and done, each participant completed more than 1,000 crunches.
